

## DILEMMAS AND DANGERS IN AI HOW YOU CAN MAKE A DIFFERENCE

*Spyridon Manolidis*

Successfully completed Leaf's Winter 2026 "Dilemmas and Dangers in AI" Finalist cohort, a 5-week selective programme helping you master the skills needed to steer AI technology toward benefits for humanity.

One of the 10% of applicants selected from thousands to complete independent academic coursework, weekly activities and tutorial-style discussions, and virtual talks and competitions.
